

Usability & Sociability

CT434: CSCW

Learning Outcomes

- After attending this lecture and reading the additional literature, you should be able to:
 - Explain the concept of usability and sociability in on-line community
 - Understand how to design for usability and sociability

Human-Computer Interaction (HCI)

1-1

Computer Supported Collaborative Work (CSCW)

Small group

Virtual Community

Large societies

On-line community definition

- On-line communities have a **purpose** are supported by **technology** and are guided by **policies**
- Community is a process
 - Community develops and continuously evolves
 - Technology is static
 - Community developer = major of a new town

Basic dimensions

- Usability
 - Human-computer Interaction
 - appropriateness of the software design for community member s' tasks and the community' s purposes.
- Sociability
 - Social interaction
 - appropriateness of the social policies and plans for guiding social interaction

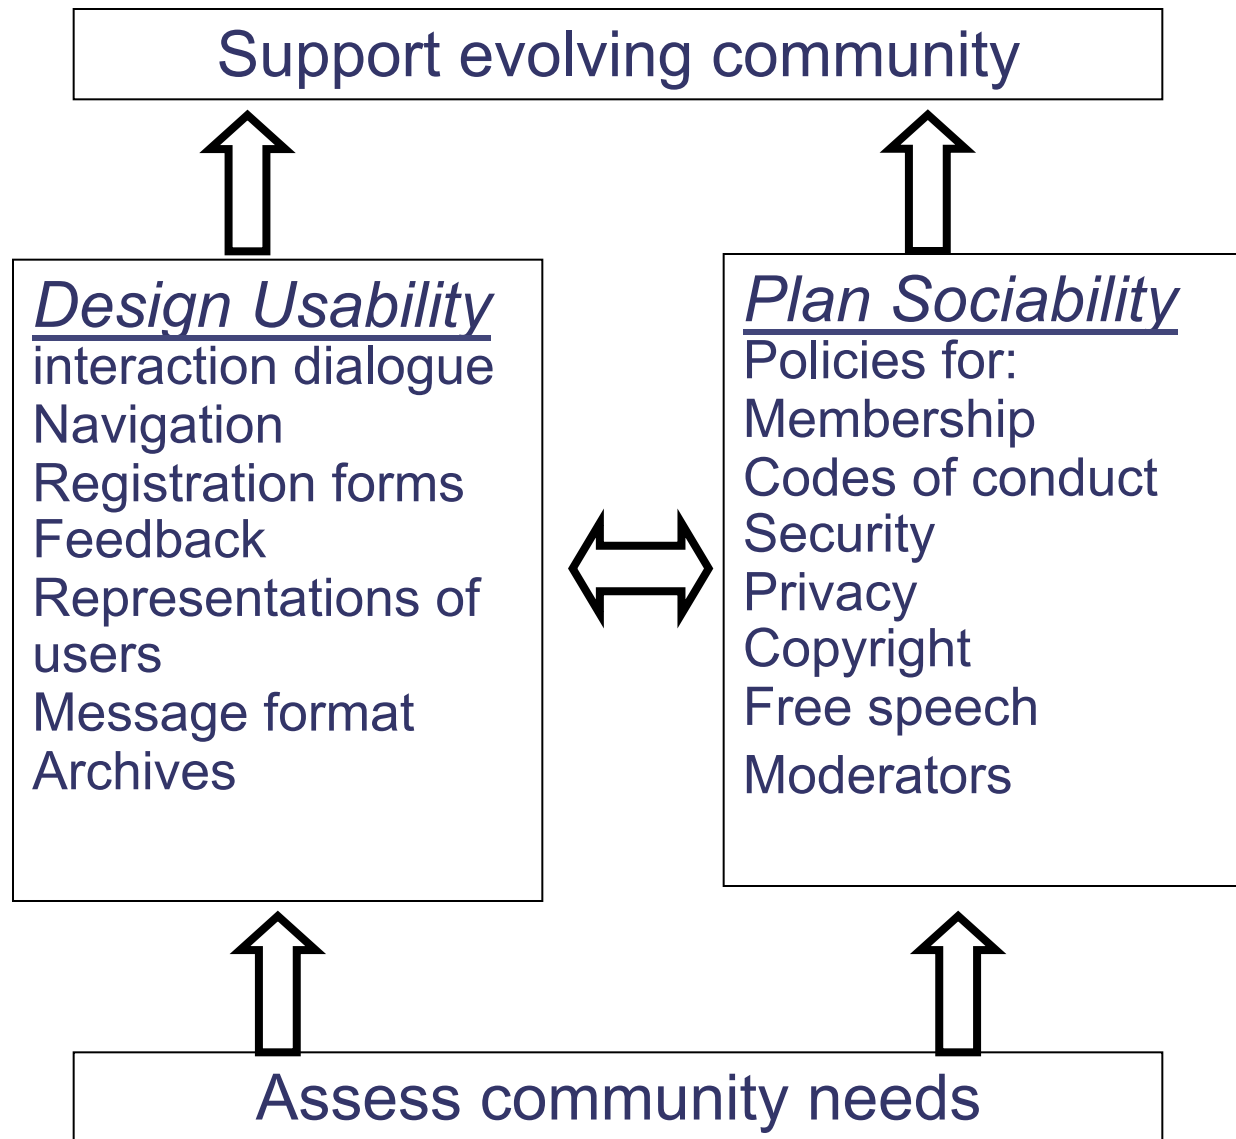

Human-Computer Interaction (HCI)

Virtual Community

Evaluation dimension

Community-centered development approach

1. Assessing community needs and analysing user tasks: requirements analysis
2. Selecting technology and planning sociability: community needs are mapped to technology. Sociability is planned at this level.
3. Designing implementing and testing prototypes: in this stage the overall conceptual design is planned. Communication tools are incorporated within web-pages in an iterative design.
4. Refining and tuning sociability and usability: usability and sociability testing
5. Welcoming and nurturing the community: this stage involves seeding the community.

Basic dimensions

- Sociability
 - Purpose
 - People
 - Policies
- Usability
 - Tasks
 - Users
 - Software

Purpose

- Clearly stated goals attract people with similar goals
- Shared social identity
- Similarities
- Stable community with less hostility
- Set up expectations

People

People

- Moderators and mediators
 - Managing the list
 - Editing texts or formatting messages; Filtering messages
 - Being the expert
 - Opening questions to generate discussion
 - Fight flaming
- Professionals
 - E.g., drkoop; Microsoft
- Lurkers
- Participants
 - Critical mass
 - Virtual identities

Lurkers

- Someone who does not participate (100:1)
- Reasons for lurking: (social loafing and diffusion of responsibility)
 - Lack of understanding of the community
 - Personal factors
 - Efficiency: Posting takes times
 - No personal/practical needs
 - No community requirement
 - Structure of community
 - Privacy; Safety
 - Involvement; Community responsiveness
 - Value of posting
 - Interaction mechanism
- Solutions:
 - Workspace awareness -IBM Babble system.
 - Reward participation, assign roles, reputation management

Policies

- Requirements for joining,
- style of communication among participants
- accepted conduct
- repercussion for non-conformance

Rule changes

Heads up everyone!

There has been a few changes to the forum rules:
<http://www.linuxforums.org/forum/linux-forums-site-news/52277-linux-forums-rules.html>

In short they can be summarized as:
A new section "Politically related posts" and implementation of the policy changes in Apr. 2003.
Also some minor text changes has been made - we recoment that you read all the rules again.

The screenshot shows a Microsoft Internet Explorer browser window displaying a forum thread on Linux Forums. The address bar shows the URL: http://www.linuxforums.org/forum/coffee-lounge/46049-techiemoes-reviews.html. The forum post is titled "TechieMoe's Reviews" and is part of a discussion about Linux distributions. The post is from user "jaboua" (Linux Engineer) and is dated 10-04-2005, 07:14 PM. The thread includes a quote from "jaboua" and a response from "techieMoe" (Super Moderator). The browser's taskbar at the bottom shows several open applications, including Microsoft Office and Internet Explorer. The system clock in the bottom right corner indicates the time is 13:10.

Checklist for S & U

- Why should I join this community?
- How do I join or leave the community?
- What are the rules of the community?
- How do I read and send messages?
- Can I do what I want to do easily?
- Is the community safe?
- Can I express myself as I wish?
- Why should I come back?

How to use the checklist

- Why should I join this community?
 - Usability:
 - Does the community have a clear and meaningful name?
 - Is there a clear description of the community's purpose?
 - Is the content attractively presented?
 - Will the site be updated regularly?
 - Sociability
 - What title and content will communicate the community's purpose effectively and attract people?

Summary

- Usability –
 - ease of use –
- Sociability
 - ease of social interaction
- Community centered development approach
 - design approach focused on usability & sociability
